

'Somebody Has To Do It'

Central Fund Drive Helps Support Community Projects That Sometimes Pass Without Notice

"Someone has to do it," said a non-paid member of the Anderson County Rescue squad, as the group recovered a child's body from nearby Clinch River, now Melton Hill Lake. An unheralded, unsung part of the Anderson County Community Chest is the Rescue Squad, doing simply what "must be done." (Anderson County Emergency and Rescue Squad receives \$3,100 from CC-Red Cross Funds this year for the purchase and maintenance of necessary equipment.)

WITH HEADS BOWED IN SORROW, members of the Anderson County Rescue Squad are seen after recovering the body of a child drowned in nearby Clinch River. "Somebody has to do it," remarked one of the volunteer squad members. The Anderson County Community Chest-Red Cross dollars supports the squad in the purchase of necessary equipment.

The Squad consists of highly trained volunteers standing prepared for any community catastrophe. Its services are constantly utilized in the community for resuscitation, body recovery in cases of drowning, searching for lost persons, fire fighting, and the promotion of safety, life-saving and accident prevention.

The Rescue Squad is only one of the Community Chest agencies in Anderson County that provide for all our welfare. Such agencies as this merit our fullest support.

Services To All

By giving through Y-12's Central Fund Drive, you can be a part of the Rescue Squad, and the other services offered to all . . . The Distressed Families Committee, the Holiday Bureau . . . the Scarborough Day Care Center . . . the Daniel Arthur Rehabilitation Center . . . the Mental Health Center . . . the Anderson County and Oak Ridge Chapters of the American Red Cross . . . and many others.

Preliminary reports coming into various divisional Central Fund men are highly encouraging. Both increases in percentages of payroll deductions, as well as a "mite more" increase in contributions as sought are coming through.

Honor Roll Grows

This week's Honor Roll of Departments contain almost one-third of Y-12's total. By next week we could have it 100 per cent!

Y-12ers have a choice of five counties through payroll deductions . . . Anderson, Roane, Knox, Loudon and Morgan. The donation is taken out of your pay check in small amounts regularly. Then Union Carbide Corporation presents the five counties their total accumulation in the fund.

Wind-up work is now in progress in many divisions with initial reports already successfully filed. Y-12ers, keep up the good work!

Coin Collectors Meet Next Week In Ridge

Numismatologists in the plant will be interested in the upcoming meeting of the Atomic City Coin Club. The meeting is set for 7:30 p.m. next Monday, October 7 in the Community Room at Loveman's, Oak Ridge.

Richard F. Schaller, assistant special agent in charge of the Knoxville Federal Bureau of Investigation will speak on juvenile delinquency and the interest the FBI has in stolen coin collections.

Y-12er H. S. Corey is president of the coin collecting club in Oak Ridge. He will be happy to give coin addicts more information about the club at extension 7-8781.

WILL YOUR WORKING AREA GET FLAGGED next week in the Plant's Fire Prevention efforts? Chances are that the inspector won't be as pretty as newcomer Jean Cook, Wage Standards, though. Inspectors from each division will inspect all areas in the plant, flagging fire hazards wherever they appear. A card will accompany the flag. When remedial action is taken, the card is mailed to the Fire Department, indicating that the hazard has been eliminated.

Red-Flag May Bring Red Face During Fire Prevention Week

A red flag doesn't mean there's a "bull" in your area, it means there's a fire hazard . . . or a cow, a Mrs. O'Leary cow. Just what does one do when he gets a "red flag?"

The first thing is remove the fire hazard . . . then fill out the accompanying card and return to the Fire Department.

Inspectors will be ranging all over the plant next week during National Fire Prevention Week, snooping for lurking hazards. (The Bulletin Office already has been promised two flags!)

Divisional inspectors include: John W. Minchey, Maintenance; Hugh P. Rice, Finance and Materials; H. T. Greene, Chemical Operations; Earl J. Tullos, Engineering; W. O. Elam, Industrial Relations; T. C. Wilson, Plant Shift Superintendents and Utilities; Mervin Sanders, Technical; Harry D. Francke, Development; Milt Dickens, Mechanical Operations; Clyde Bowles, Special Projects; William Gissell, Oak Ridge National Laboratory divisions; and Joel C. Thomason, Laboratory Operations.

Ever-Present Danger

In every industrial complex the size and attitude of Y-12, fire is an ever-present danger. Welding, electricity, chemicals, the use of high temperatures anywhere, or just plain old spontaneous combustion can contribute a major fire to endanger life and property of us all.

Although Spring is allotted the Clean-Up time . . . during the autumn, and before the onset of

winter, is also an excellent time to spruce up the old working areas, ridding yourself of combustible materials and rubbish.

Remove Stigma Now

If the red flag causes a red face, remember the remedial action that can remove the stigma. Get rid of the fire hazard and you eliminate the embarrassment that goes with getting "red-flagged."

There's still time, however, to escape even getting a flag. If you see a hazard, now's the time to catch it . . . before the act. Then your inspector will get to save his flags and turn them all in intact!

Car Loans Liberalized By Y-12 Credit Union

Before purchasing that new car, better check with the Y-12 Credit Union. New car loans have been broadened and liberalized at the Y-12 credit organization. Now up to 75 per cent of the purchase price and insurance may be financed for up to 36 months.

Prior to the new rules only two-thirds of the new purchase price could be financed through the Y-12 Credit Union.

Credit Union loans have decided advantages over conventional loans also. The full amount of the loan is insured against total or permanent disability or death . . . free.

Remember, Y-12's Credit Union is yours. . . . USE IT!

Welding Society Meets Next Week

The Northeast Tennessee Section of the American Welding Society will meet next Tuesday, October 8. The dinner meeting is set for Deane Hill Country Club, Knoxville, with the social hour beginning at 6:30 p.m., dinner at 7, and the technical session at 8.

Featured speaker will be Robert D. Wylie, director, materials engineering, Southwest Research Institute. He will speak on "Welding Quality Control for Nuclear Reactor Vessels." Known for his new materials developmental work and numerous technical papers in his professional discipline, Wylie has served as an advisor to the Navy's Bureau of Ships on the welding of high strength steels for submarines. He is engaged in developing a broad research program in the fields of metallurgy and welding, emphasizing work toward new and improved alloys and processes.

Members and guests are welcomed at the October 8 meeting. Dinner reservations may be made through D. G. Scott, extension 7-8253.

Honor Roll

Congratulations to the following Y-12 departments who have already reported in 100 per cent contributing to the Central Fund Drive.

Searcy Rites Held Here Wednesday

"At 45 this man could outrun either of his teen-age sons and hold his own in friendly scuffling. And he could catch the most fish, eat the most ham and biscuits and make more racket than the fourth of July. He could laugh a roomful all at once and spin a yarn that'd curl his children's hair."

Tuesday, September 24, Harley J. Searcy Jr. died in the local hospital. Back in July his son Jay Searcy wrote the above words for his ailing father.

Mr. Searcy was employed in Beta Two Department of the Chemical Operations Division. He had been in Y-12 since December 26, 1951. A native of Haley, Tennessee, Mr. Searcy spent most of his life on the family farm at Long Island, Alabama. He came to Oak Ridge in 1943 where he was employed by the Tennessee Eastman Corporation, Roane Anderson Company, and Management Services, Incorporated. He was a member of the First Presbyterian Church, Oak Ridge.

H. J. Searcy

Mr. Searcy is survived by his wife, Dovie Ryan Searcy, 100 Meadow Lane (who is also employed in Y-12); a daughter Mrs. Bryant Daffron, Whitwell, Tennessee; two sons, Jarrell D., Chattanooga, and Charles R., Cleveland; three sisters, Mrs. Orla Hill, Mrs. Juliette James, and Mrs. Ruth McMillian, all of Chattanooga; three brothers, Frank J., Memphis; Charles, Stevenson, Alabama; and W. A. Searcy, Richard, Tennessee. Four grandchildren also survive.

Funeral services were held Wednesday, September 25, at 4 p.m. at the First Presbyterian Church, with the Reverend Samuel Howie officiating. Interment following in the Anderson Memorial Gardens.

Sincere sympathy is extended to Mrs. Searcy and the entire family. "Harley J. Searcy Jr. was a little man physically. But we are all a little bigger for having known him."

Illinois' Wheatley Holds ORNL Seminar

The Oak Ridge National Laboratory Physics Division seminar for this week is entitled "Low Temperature Properties of He³." Leading the discussion will be John C. Wheatley, University of Illinois.

The seminar is set for 3:15 p.m., Friday, October 4, in the East Auditorium of ORNL's 4500 Building.

The wines of autumn are upon us. Or as the Chattanooga Times editorialized recently: "The air is sparkling, the sun still pleasantly warm, and the wine of autumn is ours for the quaffing."

Quaffing the news in Y-12, its learned in

SHIFT SUPERINTENDENTS AND UTILITIES

Don E. Bell vacationed recently in Clearwater, Florida, to attend a softball tournament. (Nobody asked him to play!) . . . J. O. Wiseman is vacationing this week to watch the World Series.

Get well wishes are sent to M. G. Crouch in Oak Ridge Hospital, and to R. W. Chrisman.

W. S. Everett is the proud owner of a new "Olds" but states that it really belongs to Mrs. Everett. . . . F. M. Gambill is vacationing for two weeks, but didn't reveal plans.

H. B. Renfro also took two weeks away to make sure he'd see all the World Series.

C. A. Cox is the proud new grandfather in the group . . . his first grandson. He already has three granddaughters.

Photographer: "Look pleasant, please. When the picture is made you can resume your natural expression."

INDUSTRIAL RELATIONS

Fire and Guardsmen watching the World Series at home include J. H. Shoemaker and J. C. Hastings. . . . E. R. Johnson, J. F. Marcum, C. H. Slaton, L. W. LaRue and H. L. Wolfenbarger all took vacations also.

Sympathy is extended to L. O. Campbell whose grandfather died September 18.

Recreation's R. T. Cantrell is relaxing at home, watching his favorite ball club win another series.

Remember when 'withholding' meant only that Pop was opening his pay envelope before getting home?

MECHANICAL OPERATIONS

Special Production Group rolls out the red carpet for W. D. "Bill" LaRue who hails from Bristol, Tennessee. Since his arrival, things have really started popping in the SP group. Much to the dismay of his brother, Tom LaRue, he immediately became an enthusiastic "Wildcat" fan . . . seeing as how Tom is an ardent Loudon supporter, we not only have trouble telling them apart . . . we have trouble keeping them apart when the subject of football is brought up.

Much sadness has been noticed among the group since "Good-Bye" and "Good Luck" wishes were given to Jim Walsh who retreated to his old home place in Oregonia, Ohio, and to accept a new job in Cincinnati. The same sad faces will be in view again as the same good wishes are sent along with Paul Andrews who leaves for a new job in Chattanooga.

Bobby Loy and O. C. Willard just recently returned from vacations . . . the rumor has it that Bobby spent his trying to increase his bowling average since he has let his wife get way out in front at the sport. Hold onto your hats . . . the best part of the vacation rumor is yet to come! Word has gotten around that O. C. was seen sneaking into one of the "girly" shows at the Fair!

Jim Cole just returned from a combined business and pleasure trip to Mercury, Nevada. He says

he only lost five dollars at the wheel while pleasuring . . . but we will believe what we want to on that subject.

Production Machining's M Wing Shop has J. E. Clemons and family visiting their son at Charleston Air Force Base.

Best wishes to the newly formed team, composed of Chuck Borella and Ernie Collins, as they engage in the singing of hymns in a very spirited manner.

The E Wing Shop tells that S. R. Minge is building a brand new house out alongside Solway highway during his vacation.

Lincoln was once accused of being two-faced, to which he answered: "I ask my audience . . . if I had two faces, would I be wearing this one?"

CHEMICAL OPERATIONS

Some interesting 'horse-trading' came to light in Joe Ailey's package deal which was stationed in the West Portal parking lot last week. It was a 1948 Dodge, complete with boat on top and outboard motor on the back seat. It didn't matter that the car doesn't run. Joe can always put the motor in a tub and hang it on the rear. Rumors were that it was transmission trouble . . . since the clutch didn't work. Here are the samples of the bargaining . . . Ferguson offered a coat of white wash in exchange for the luggage carrier, thinking they could unload the car on Griffin. In fact the boys offered to combine cash and one take the car, the other the motor, and still another take the boat, but being "ole hoss traders" as they are, one couldn't seem to beat the other and get their share for free. Harless really liked the idea of the motor, if it came complete with tub.

It's all in fun, Joe, everyone hopes your dad is improved by now down in the hospital in Nashville.

It's understood that H. L. Horton held down a chair in his backyard all of last week.

L. C. Hamilton vacationed recently, doing some painting around the house. . . . C. M. Bowles vacationed also, but nobody knew where or what.

James O'Barr vacationed, fishing on Norris Lake. . . . Taylor Arnold hunted at Gibson Station, Virginia. . . . J. P. Cook stayed at home . . . golfing in the morning, watching the World Series in the afternoon (What a life!). . . . J. A. Goldston stayed at home . . . as did J. E. Miner.

Continued on Page 4

AN HISTORIC OLD GLORY is hoisted atop the Credit Union's flag pole in ceremony last week. The flag, which has flown over the United States Capitol Building, was sent to the Credit Union by the staff of the late Senator Estes Kefauver. In the photograph, company and Credit Union officials, witness the first raising. From left are T. A. Stephens, H. G. P. Snyder, C. V. Ketron, W. A. McGill, Roger F. Hibbs, Lorena Causey, P. L. Patrick, E. G. Richardson and Fred Wilkinson.

Y-12 Credit Union Hoists Flag That Flew Over Nation's Capitol

In impressive ceremony last week the Y-12 Credit Union hoisted the red, white and blue of the nation's colors with an historic flag. The beautiful, large flag had flown for one day over the nation's Capitol. The board of directors of the Credit Union were on hand, together with Y-12 Plant Superintendent Roger F. Hibbs and Industrial Relations Division Superintendent H. G. P. Snyder.

It all began months ago, as officials in the Credit Union began correspondence with the late Senator Estes Kefauver. A flag was available, Senator Kefauver wrote back, but for a nominal price . . . since there was no fund for such gifts. Then an anonymous friend of Y-12's Credit Union came along and donated the necessary money.

Flag Finally Arrives

So the flag arrived last week, thanks to the efforts of the kindly, late senator, and some unknown benefactor. Today, it proudly waves briskly in the bright October weather. (As far as many could ascertain, the flag is the only one in Oak Ridge that has flown over the Capitol building.)

It seems fitting that the flag should fly over Y-12's Credit Union building. The Credit Union is a democratic organization, belonging to its members, who have united to be of mutual service to one another. And while

the building that houses Y-12's Credit Union cannot compare with the stately Capitol building in Washington, it is through the grassroots of groups such as ours that the nation gathers its strength. It is through democratic action at the citizen's level that the nation girds itself to face an alien, hostile world.

Emblem No Small Thing

Insignificant? . . . We think not. Unless Valley Forge, Gettysburg, Chateau-Thierry, Iwo Jima are also meaningless. Yet democracy is more than a collection of famous battle sites. Sure, these are shrines where the nation's young have given up their lives. But the true meaning of life in this country is evident almost every morning these days as a young girl skips to school, happy and yet seeking, confident that the Stars and Stripes flying overhead provide her the best that life offers on this earth . . . a freedom of choice.

Yes, My Darlin' Daughter

A police officer, patrolling the beach at a summer resort, encountered a pretty young thing sunning herself in a bathing suit of almost ethereal brevity.

"What would your mother say," he demanded, "if she caught you in that skimpy bikini?"

"She'd say plenty!" the girl admitted. "It's her bathing suit."

MICROREPRODUCTION AND ENGINEERING SERVICES (which surely bears the longest name of any department in Y-12) gathered recently to honor Pat Hartman who left to keep house. (Husband Cleon is also a former Y-12er.) Pat is seen as the sixth person in from the left in the print dress. The group gave Pat a sterling serving spoon as a farewell gift.

'66' Raiders, Seven Sixties In Bush Lead

Two teams moved into first place in the Bush League for Y-12 bowlers last week as the '66' Raiders downed the Rollniks and the Seven Sixties ousted the Outcasts, both for four points. The Rollmasters took the Hi Balls by the same licking. The only three point win featured the Dry Hides over the Turtles; while the Rusty Five and Beavers split two points each.

Ron Bradley, Beavers, took high single game rolling a 203 scratch. R. F. Jones, '66' Raiders, had high handicap scores with a 251 single, 643 series total. Fred Fox, Rusty Five, took high series in scratch play with a 539.

The Rusty Five rolled high scratch scores of 836 singles, 2403 series. The Beavers took handicap singles rolling 1022. The Rollmasters took series with a 2842 handicap score.

League standings follow:

Team	W	L
'66' Raiders	10	2
Seven Sixties	10	2
Rusty Five	9	3
Rollmasters	9	3
Dry Hides	5	7
Outcasts	5	7
Beavers	4	8
Hi-Balls	3	9
Turtles	3	9
Rollniks	2	10

Foreign Films Open New Series Sunday

The Foreign Film series, sponsored by the American Association of University Women, opens Sunday, October 6. The French comedy, "Four Bags Full," starring Bouvri and Jean Gabin, will be shown. It was for this role that Bouvri won the best actor award at Venice. The story hinges around two men who lug a contraband pig around Paris during the Nazi occupation.

The films are shown on the first Sunday in each month, one at 7 p.m. and one at 9 p.m. at Jefferson Junior High School.

E, F, G, H And J Shifts Set Plans For Fall Color Cruise

The E, F, G, H, and J Shift recreation group is planning to sponsor a "Fall Color Cruise" on Melton Hill and Watts Bar Lake, to observe the beautiful autumn foliage on the water front.

The cruise would be scheduled for October 26, and start at 8:30 a.m. at the Oak Ridge Marina and end up at Roane County Park on Caney Ford Creek, below Kingston. At the park the cruise would rendezvous for two hours for lunch before the return trip. Arrival at the Oak Ridge Marina would be scheduled for 6 p.m.

Markers Take Helm In Class Bowling

Ken Valentine Sets Alleys A-Burning

The Classic League for Y-12 bowlers got a new leader last week, as the Markers marked four points over the Rebels. Other sweeps included the Rippers over the Screwballs, and the Splinters over the Eightballs. Three points were racked up as the Wolves demolished the Has Beens, the Bumpers the All Stars, the Cubs over the Tigers, the Wasps over the Smelters, and the Playboys over the Swingsters.

Ken Valentine, Playboys, set the alleys afire with some red-hot scoring, taking a 244 scratch game, a 270 handicap game . . . a 590 scratch series, and a 668 handicap series. (Now somebody top that one!) . . . His Playboys marked almost a sweep also taking singles 866 scratch, 1029 handicap . . . and series with 2954 handicap totals. The Markers prevented the rout by taking scratch series with 2485.

League standings follow:

Team	W	L
Markers	12	4
Rebels	10½	5½
Wolves	10	6
Tigers	9	7
Has Beens	9	7
Bumpers	9	7
Swingsters	8	8
Cubs	8	8
Wasps	8	8
Rippers	8	8
Splinters	8	8
All Stars	7½	8½
Eightballs	7	9
Smelters	6½	9½
Playboys	5½	10½
Screwballs	2	14

And How Much Do You Weigh, Madam?

If a woman's weight is 120 pounds on earth, statisticians estimate that she would weigh 19 pounds on the moon, 102 on Venus and 317 on Jupiter.

Tickets are 75 cents for each individual performance or \$3 for the entire series of six films.

THE E LEAGUE, Y-12's only day-light bowlers, line up for new photographs with new faces. At left is the Alley Bees team, made up of Earl R. Hinton, Perry W. Bullard, Captain Leon Hensley, and R. E. "Shorty" Gibson. At right is the Pinquins foursome, comprised of Leon Keith, R. T. East, J. S. Johnson, and H. E. Schultz. Captain Alonzo Edwards sits at the score-keeper's desk.

C League Lead Goes To The Sunflowers

Goodwin Rolls A 220 Scratch Game!

The Sunflowers bloomed into first place in the C League for Y-12 bowlers last week by virtue of their four point win over the Screwballs. Other four pointers went to the Rounders over the Hookers, the Five Roses over the Rodders, and the Big Five over the Strikers. The Hilifers took three from the Par Busters, while the Lucky Strikes and the Shud-A-Beens split two.

Walt Goodwin, Sunflowers, rolled a 220 scratch game for a high single . . . W. K. Fulbright, Screwballs, had a high 251 handicap game. Ted Higgins, Five Roses, took series highs with a 569 scratch, 665 handicap total. The Sunflowers took scratch honors, with 916 single, 2698 series. The Rounders took handicap tops with 1027 single, 2983 series totals.

League standings follow:

Team	W	L
Sunflowers	11	1
Rounders	10	2
Screwballs	10	4
Five Roses	8	5
Shud-A-Beens	7	6
Big Five	6	6
Strikers	5	7
Par Busters	5	7
Rodders	4	8
Hilifers	4	8
Hookers	3	9
Lucky Strikes	3	9

New Audubon Screen Tours Are Scheduled

The Oak Ridge Conservation Club has been sponsoring the Audubon Screen Tours locally for 10 to the past 14 years. A new season opens tomorrow, Thursday, October 3. Y-12ers Evan Means and H. B. Whitmore, both of Research Services, are vice president and secretary, respectively, of the Conservation Club.

Tomorrow's program, which opens at 7:30 p.m., October 3, at Jefferson Junior High School will center around the "Kiwi Commonwealth," which will be shown and narrated by Patricia Bailey Witherspoon, Denver, Colorado. The film shows the wildlife and plant world of New Zealand, and features the flightless Kiwi bird. Y-12ers Means and Whitmore invite fellow plantmen to attend the regular meetings on the fourth Thursday in each month.

People Pretty Much The Same — H. G. Wells

"Every one of these hundreds of millions of human beings is in some form seeking happiness . . . Not one is altogether noble nor altogether trustworthy nor altogether consistent; and not one is altogether vile. Not a single one but has at some time wept." H. G. Wells, "The Outline of History."

Foursquares, Ten Pins Locked In E Bowling League Top Berth

The Foursquares and Ten Pins locked in a tie for first place in E League standings for Y-12 bowlers last week, as the Pins took a three point win from the Cannonballs . . . the Foursquares only split two points with the Pintwisters. The other match saw the Pinquins take three from the Alley Bees.

Leon Keith, Pinquins, rolled high singles, taking a 208 scratch, 247 handicap game. R. E. Gibson,

Alley Bees, rolled high series, with a 520 scratch, 652 handicap total.

The Pinquins swept the boards, rolling 670 scratch, 835 handicap singles . . . and 1838 scratch and 2349 handicap series.

League standings follow:

Team	W	L
Foursquares	10	6
Ten Pins	10	6
Pinquins	8	8
Pintwisters	8	8
Cannonballs	6	10
Alley Bees	6	10

Fish Rodeo Closes With Few Entries

Many Prizes Go Begging . . . No Fish!

Either no fish were caught, or Y-12ers just didn't bother to enter the Summer Fishing Rodeo. Only nine entries captured the following categories:

LARGEMOUTH BASS

1. Clay Smith, Physical Testing.
2. J. B. Grubb, Product Processing.*

CRAPPIE

1. E. M. Baird, Utilities.
2. Robert P. George, Electrical Engineering.*

SMALLMOUTH BASS

1. T. R. Rucker, Process Maintenance.
2. A. J. Jeffers, Guard Department.

BREAM OR BLUEGILL

1. Robert P. George, Electrical Engineering.
2. J. P. Grubb, Product Processing.*

SAUGER PIKE

1. D. L. Glover, Electrical. (only one entry.)

WALLEYE PIKE

1. Prentice D. Wirey, Dimensional Inspection. (only one entry.)

STRIPPED BASS

1. J. P. Grubb, Product Processing. (only one entry.)

Those starred are ineligible (for a prize winner) . . . since one fisherman may take only one prize. This means that five awards go begging . . . or a minnow in each category would have taken an award.

Weights and sizes of the above catches must of necessity remain a big deep secret since many of them are entered in the Annual Fishing Rodeo also.

Modern Schooling

A bright youngster we know rushed home from his first day of school. He insisted to his mother that he needed a set of pistols, holsters, and gunbelt the very next day . . . said the teacher promised to teach them to draw!

Phantoms Keep Mixed League Edge

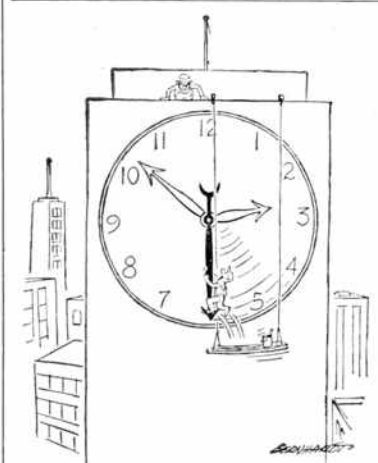

Male, Female Bowlers Get Down To Business

The Phantoms clung to their tenacious lead in the Mixed League for Y-12 bowlers last week by a three-point win over the Pin Plasters. The Ghosts came through for the first four-point win of the new season, downing the Scrappers. The Cool Cats took three from the Alley Cats and the Goofers topped the Toppers by the same count.

Eleanor Rekemeyer, Scrappers, took high scratch games rolling a 168 single, 452 series. Lucy Parker, Phantoms, rolled a 220 handicap game, a 607 handicap series. Bog Hagood, Goofers, had high scratch game of the night with a 202. Jim Young, Cool Cats, rolled an astonishing (for him) 255 handicap single. Hagood also rolled high handicap series with a 643. Jim Beckett, Phantoms, took scratch series highs with a 529. The Phantoms rolled high scratch of the week with a 599 single, 1719 series total. The Goofers took handicap honors with a 773 single, 2225 series tally.

League standings follow:

Team	W	L
Phantoms	9	3
Ghosts	8	4
Cool Cats	7	5
Scrappers	6	6
Alley Cats	5	7
Goofers	5	7
Toppers	4	8
Pin Plasters	4	8

Stop Polio Sunday Comes October 6

Sabin Vaccine Will Be Available To All

Sunday, October 6, has been declared "Stop Polio Sunday" in Oak Ridge and in outlying communities.

The mass polio immunization program is being sponsored by the Roane-Anderson County Medical Association and the Knoxville Academy of Medicine. All persons between the ages of two months and infinity are asked to participate in the oral Sabin vaccine program.

Persons who have already had the Salk immunizations are urged to take the oral vaccine also. The modern, painless Sabin vaccine offers superior, longer immunization and prevents a person from being a carrier of polio (that is, a person who will never have the disease, but will transfer it to other people.)

Clinics will be set up in seven Oak Ridge Schools (see your local newspaper for the location in your own community) . . . from 2 until 5 p.m. Sunday. The vaccine is taken by two drops on a cube of sugar. Infants are given the vaccine in a dropper. The three stage immunization program will be followed up on November 10, and December 15.

A nominal 25 cents donation to defray the cost of the program is asked from participants. (No one will be turned away who doesn't have a quarter, however.) Many Oak Ridge National Laboratory employees have completed the three dosage immunization program at the Lab.

For better, longer-lasting (and, most important, for the elimination of the danger of being a carrier) get your first Sabin sugar cube Sunday. It's a good way to shove polio into the ancient history books!

Ride wanted from Sherwood Estates, Edgemoor Road, to Central or West Portal, straight day. John R. Bryan, plant phone 7448.

Riders wanted by Oak Ridge Highway from South Knoxville to North or East Portal, straight day. A. L. Franklin, plant phone 7077, home phone Knoxville 577-1507.

Ride wanted from North Knoxville section to Bear Creek Portal, E Shift. H. A. Tohe, plant

J. H. Brown Dies September 21

The plant was saddened last week by the death of Mr. Joseph H. Brown. He died Saturday, September 21, in the Bacon Hospital, Loudon.

Mr. Brown came to Y-12 September 1, 1944, and recently celebrated his twentieth anniversary with the company. He was in the General Machine Shop. Prior to coming to Y-12, Mr. Brown had been with the Company of America, the Holston Manufacturing Company, and the Charles H. Bacon Company.

He is survived by his wife, Mrs. Hazel McKinley Brown; daughter, Mrs. Raymond McNew, Knoxville; grandchildren, Ray and Melinda McNew; sisters, Mrs. Bess Thornburg, Mt. Airy, North Carolina, and Mrs. Eva Stewart, Phoenix City, Alabama; brothers, E. S. Brown, St. Petersburg, Florida, and E. E. Brown, Knoxville.

Funeral services were held Tuesday, at 2 p.m. at the Quinn and Karnes Chapel, with the Rev. Pyles officiating. Interment followed in the Loudon Memorial Gardens.

The veteran Y-12er was a member of the Nazareth Church. He was a native of Philadelphia, Tennessee.

Sincere sympathy is extended to the Brown family.

Graphite Reactor Gives Way To Newer Methods

The world's oldest nuclear reactor . . . the Graphite Reactor . . . will be shut down this fall after 20 years' operation, a victim of advancing technology in the nuclear energy field.

The Graphite Reactor, always a popular site on ORNL tours, was begun only two months after Dr. Enrico Fermi's criticality experiments at the University of Chicago. Even in stand-by, the old reactor will remain an impressive monument to the skill and ingenuity of the pioneers of nuclear science.

phone 7-8931, home phone Knoxville 687-5060.

Riders wanted from Norwood Section, via Clinton Highway, to East or North Portal, straight day. Harold Potter, plant phone 7-8792, home phone Knoxville 687-4411.

Car pool members wanted from West Adair, Cedar Lane, Fountain City, to any portal, straight day. H. G. Tillery, plant phone 7705, home phone Knoxville 687-2897.

Another lucky seven are added to the 20-year Union Carbide veteran list this week. More and more celebrate other anniversaries in Y-12. Congratulations to them.

20 YEARS

'Helping Hand' Film Available To Groups

You civic organization program planners may be interested in this one. Some employees at the Atomic Energy Commission office here in Oak Ridge have prepared an excellent color film called "A Helping Hand." The film describes the many accomplishments of the Community Chest-Red Cross Fund in Anderson County.

The film will be shown com-

Secretaries Plan New Fashion Show

The Oak Ridge Chapter of the National Secretaries Association will hold its annual fashion show-card party next Wednesday, beginning at 8 p.m., October 9, at the Oak Terrace Ballroom.

"The Opulent Look in American Fashion" is the name of the party, which provides funds for the 300 dollar scholarship award presented each year by the local chapter. Chairman of this year's event is LaWanda Klobe, Oak Ridge National Laboratory.

The latest in modern apparel for at-home, daytime, cocktail, and evening wear plus a special showing of an outstanding collection worn by movie stars of the 30's will round out the fashion part. Virginia White, well known local actress will do a skit called "A Woman Has Her Pride." Music will be furnished by Jerry Collins and his orchestra.

Tickets are \$1.25 and are available from any NSA member. Mabel Tyer, secretary to Y-12's industrial relations superintendent, is ticket chairman for the event.

Instrument Society Meets In Green Room

The Oak Ridge Section of the Instrument Society of America will meet tonight, Wednesday, October 2, at 8 p.m. The meeting will be held in the Green Room of the Ridge Recreation Hall, Oak Ridge.

Tonight's meeting will feature a group of members from the section who represent instrument manufacturing companies. The members who will present talks on new instruments and applications from their respective companies are Ralph N. Bing, Moore Products Company; Charles M. Peek, Control Equipment Company; Ben H. Peters, Honeywell Company; John C. Scott Jr., Leeds and Northrup Company; and Michael N. Walker, Foxboro Company.

Members and interested guests are cordially invited to attend the meeting.

Beecher Morrow is ill at home . . . best wishes to him.

Another new grandchild is added to Art Sands collection, as he collected a granddaughter on September 18. Little Susan Sands (named for her mother) is the daughter of Susan and Lawrence Sands, Cincinnati, Ohio.

T. L. Dishman took a Florida vacation to get on a fishing trip.

Bill Ward stayed at home around Harriman.

Archie Browning is on the ailing list at St. Mary's Hospital. Best to him. It's happily reported that Andy Anderson is feeling better.

E. W. Young took off for Kentucky for a vacation.

The only thing worse than being on the wrong side of the tracks . . . is being in the middle of them!

DEVELOPMENT

Metallurgical Development welcomes in Fred H. Taylor, new co-opper from the Missouri School of Mines.

FINANCE AND MATERIALS

Microreproduction and Engineering Services has Pet White vacationing at home around Harriman . . . C. H. Roddy also vacationed at home.

Plant Records records that Jimmie Taylor vacationed around home also in Knoxville.

Do You Sometimes Act Without Thinking?

Do you act sometimes without thinking? The story is told of a motorcycle driver who reversed his leather jacket one night to keep the cold winds from coming against his chest.

He crashed into a tree. When the ambulance arrived and the first aid men rushed through the crowd, a man standing over the victim was asked what happened.

"Is he O.K.?" someone asked. "Well, he was," the man replied, "until somebody tried to straighten his head . . . he died then."

Do you sometimes act without thinking?

JOHN L. 'POP' HENDERSON is seen the third from left, as his group in Area Five Maintenance gathered to wish him luck on his retirement, September 30. The department presented him a lawnmower. Henderson contemplates a move to his old home town of Loudon, after his more than 12 years service in Y-12.
